Design concept:

The seductive artistic form of Flamenco is exhilarating to witness; it captures the essence of everlasting love through its masterful body movements. The furious passion and sensuality of the Flamenco dance has inspired the ageless Eterno range.

Dancers are adorned with beautiful flowers which become an intricate part of their dance performance. Spellbound by the beauty and the spirit of the dancers, 'Eterno' collection boldly incorporates lace with large floral patterns to create the striking attire.

An ode to its timeless nature, the Enterno range is a style to cherish forever.

Product Features / Key selling points:

The exceptionally large eye-catching floral patterns are originally reserved for couture evening gowns and works perfectly in this range to encapsulate the essence of sophistication.

Marketed as one of the most luxurious ranges in the brand, the range consists of the signature Balconette padded bra, plunge push up bra and two matching briefs and thong, a corset and a full lace robe.

The exquisite range will also release a limited edition line embellished with Swarovski crystals attached by hand for extra sparkle.
